

SOLIHULL METROPOLITAN BOROUGH COUNCIL

The Metropolitan Borough of Solihull (Roads Adjoining Lowbrook Lane, Tidbury Green) (20mph Speed Limit) Order 2019

Statement of Reasons

Miller Homes are constructing a new housing development on Lowbrook Lane, Tidbury Green. It is necessary to introduce a 20mph speed limit on all the new roads on the estate. The provision will allow the forward sight lines & visibility splays which have been provided to comply with current design standards.

The reduced speed limit will also improve road safety on the development and deter motorists from driving inappropriately. The designed road layout should ensure the 20mph speed limit is self enforcing.

It is recommended that a 20mph speed limit is advertised as shown on Drawing No. TG/PL/01 rev B. The local ward members are aware of the intention of officers to advertise the proposal.
